## Lemon Grove Review

### MIL'S MUSINGS

By Richard Milbrodt

WE SPOTTED ANOTHER ERROR in the San Diego Union the other morning that may or may not be so comical. In the paper of July 3, under a picture of some prominent San Diegans that were guests of the Rotary Club, the caption clearly stated that JACK HANNA was chairman of the Democratic Central Committee !!! Both parties winced at that one. Republicans shuddered to think they lost their stalwart champion and Democrats cheered to think of the convert they had made - accidentally.

WHEN REVIEW PUBLISHER MAX GOODWIN appeared at the Board meeting of the La Mesa and Points East Irrigation District in protest to the raise of property valuations, a cup of coffee was inadvertently spilled on his lap during the Board's coffee break. This was not a shrewd attempt to get him to leave. The Board voted not to levy a tax on Goodwin - but they agreed he had been "irrigated."

SLICK SIGNS SIGHTED: This one in the front window of Piggy Wiggly where two signs pasted to the window overlapped and read as one - "Get Your Hopalong Cassidy Watermelons Here."

A HANDSOME YOUNG LADY rushed up to Lion executive Milbrodt at the Lion's installation affair recently at Caspers and said, "I have always wanted to meet you because I've admired your column." Confused and embarrassed, CLARENCE MILBRODT explained to the young lady that she was referring to son, RICHARD. Same name, same stock, different vintage.

To the attractive young lady we say "thanks."

THERE IS A NEW KIND OF Cinderella on Darryl Street this week. It happened when W. C. Baxter found himself the possessor of a man's brand new shoe size 11½ that his dog, Duchess, had brought home.

While the shoe is obviously one of an expensive pair and appears to hardly have been worn, Baxter found himself being browbeaten by neighboring men folk who disclaimed feet of such generous size.

Owner of shoe may have same by calling at the Baxter residence at 8036 and trying the slipper on for size.

The pumpkin carriage leaves at midnight.

LEMON GROVE MERCHANTS last week, feeling the pangs of patriotism, were frustrated and confused.

Freeborn Cressy, proprietor of Cressy's Dry Goods, and Vernon Gregory, operator of Local Western Auto Store, appointed themselves a committee of two to attempt to acquire flags for other business firms in the community.

Their survey indicated that flags could not be purchased at retail in Lemon Grove, La Mesa, and El Cajon. Flags were available at a wholesale manufacturer in downtown San Diego in quantity lots.

Cressy solved his problem by borrowing a flag from one of his employees, Vernon Gregory was not so successful.

Other business firms also appeared to be less than successful in acquiring flags for Independence Day, the most patriotic day of them all.

WE ARE SAFE IN TELLING about one woman since we don't even know her name, and she doesn't read the paper anyway. This gal called in to the REVIEW a few days ago and in a most indignant manner begged to be informed as to where a person could find out about civic affairs. She was upset about the proposed freeway. A recent widow, she said that she stood to lose her entire holdings and under-standably was upset. How was one to find out about such things? Where could one go to keep informed? Who would speak for persons in situations such as herself? Who was the responsible official spokesman for Lemon Grove? These were but some of the questions that rained down upon the REVIEW secretary. "Would it be worth \$2.50 a year to find out?" asked the secretary. "We can send you the paper for a year and perhaps you would be better informed as to what occurs." The caller abruptly said, "I'm not that interested," and hung up.

### Dollar Bill To Be Bigger In Grove This Week

The good old fashioned one dollar bill has taken on a new meaning this week at McMahon's, according to Dave Cunningham, manager of the Lemon Grove store.

Returning from his vacation, Cunningham scraped clean the huge McMahon warehouses for items which could be sold in the dollar category.

"The American dollar doesn't buy as much as it used to," Cunningham said, "but I've obtained everything that comes even near to being a dollar seller and lumped it all together in one big sale as an unusual one dollar event."

Another sale is Lane's annual July clearance. While the men's store holds a clearance annually

### Bank To Remain Open Later — Goodbye To Papa's Pay-Check

The family will have more time to put the squeeze on papa's pocketbook, especially on Friday, which is the day local shops stay open till 9 p. m. Papa's last remaining defense against budgetary onslaught, "the bank is closed" will no longer save the payroll check an extra day.

Longer Friday banking hours for every First National Bank office, including the local Lemon Grove Branch, have been announced in connection with Saturday bank closing, according to Anderson Borthwick, president. Banks throughout California are now observing Saturday closing, thereby following a general trend throughout the nation.

Effective this week, First National will remain open from 10 a. m. until 5:30 p. m. each Friday in order to give the public two and a half extra hours in which to care for their weekend banking needs.

Mr. Borthwick also stated that in the future the bank will re-

### Holcomb Has Twin Raising Event

George Holcomb this last week was passing out double cigars marking the birth of twins to his wife Roberta K. on July 1, at the La Mesa Hospital. "The new squeakers, named Della Ann and David Alan, together with their mother, are doing fine," Holcomb, who is a general contractor is also recovering.

Dr. David Whitte delivered the youngsters, who were the first twins he has delivered in the community. The couple have two other children, Julie, 14 years and George, 8 years.

Holcomb says the fact that he has an aunt who is a twin helped temper the shock.

### Position On Issues Undecided

A meeting of the Greater Lemon Grove Civic Association was held Monday night, at which Lawrence Giller, president in the absence of Lee Thompson, stated that more facts and information regarding the issues confronting Lemon Grove are being sought. As soon as the information is obtained, the group will issue a recommendation; as yet, the Association is in opposition to no one because no stand has been taken.

The members are working towards making the Civic Association a permanent organization with the purpose of getting information on anything concerning the area to the people, and creating civic interest aiming towards making Lemon Grove a better place to live. Anyone interested in these objectives is welcome at the meetings.

The next meeting will be announced.

### Apras In Colorado Springs For Schooling

Rev. and Mrs. Dan Apra left last Monday for Colorado Springs where they will attend La Forest summer school for West Coast Congregational ministers. They will be gone until August 4th.

Rev. Carl Beharka, pastor of the El Cajon Methodist Church

More than a score of telephoned and visitors flooded the Review office wanting to know "what can we do" following the publication of the story of the Irrigation District doubling the assessments in Lemon Grove. Several visitors asked for a petition to sign.

Relief cannot be gained via petition in this case. Equalization may be gained if the taxpayer applies to the Irrigation District board which is located on Spring Street in La Mesa, and pleads inequality and asks for relief.

The individual must make an appointment by calling H6-0585 and ask to be placed on the board agenda.

As a guide on inequality, the Review asked Byron Miller, business manager of the Irrigation District, if the Porter Hill No. 2 average lot assessment was about \$275 and he answered in the affirmative. If this quality property is compared with Lemon Grove property which has about the same assessment, it is reasonable to assume that a degree of inequality can be shown in that Porter Hill has paved streets, sidewalks, curbs and is generally speaking in the quality area of La Mesa.

Lemon Grove district was given a 91% boost in assessment by the Irrigation District assessor, Jim Squires, who said that Lemon Grove had been getting a "free ride" for several years. La Mesa No. 1 was increased 13%, La Mesa No. 2

28% and Spring Valley was increased 40% and El Cajon, 17%. Harry Griffen, board member representing Lemon Grove, protested the 91% boost as did Bob Rundell, Spring Valley representative. The board of directors, however, has no control over the assessor. His assessments are final except in the case of inequality where individuals may apply to the board for relief. The board does have the prerogative of setting an overall tax rate, however.

In the meanwhile, at the July 7th meeting of the Irrigation District, Ed Fletcher, Jr., president of the Grossmont-Mt. Helix Improvement Association, charged that there were many things wrong with the District and that a citizen committee should be formed "to take cognizance of these things and do something about them."

He further demanded a "comprehensive engineering study" to ascertain what these needs are.

He also added that "if a bond issue is needed, let's have one and all get behind it."

The general tenor of the board was that water rates should be increased and equalized assessments should be considered.

A preliminary budget for 1953 of \$1,495,400 was being studied. This compares with \$1,211,000 for 1952.

will be in Rev. Apra's pulpit at the 8:00 o'clock service Sunday morning, and Rev. John W. Brownell of San Diego will preach at the 9:15 and 11:00 o'clock services. Both are well known in this area and are excellent speakers.

tax dollars. Now a different issue that will save tax dollars it opposes. This is consistent?

9. Every week the Review brandishes striking examples of citizen abuse from lack of self-government. Obviously the publisher is blind to his own front page or he would support the only step to correct the sorrowful situations that are exposed.

Sincerely yours, Bob Geitzen, president and Herb Haag, secretary, Lemon Grove Home Rule Association.

P. S. This reply was kept to the same length as the editorial in order that, in the event it is printed, it will use no more space.

Editor's Note: Castigators Geitzen and Haag if they are as misinformed about incorporation as they are about newspaper space requirements, has best regroup for another attack on this pillar. Their estimate of space requirements misses the mark by 50%.

To these men, whose interest is self styled, "truly admirable and invaluable," we suggest a release of the proposed budget. Such information should be as revealing as it is interesting.

A budget, to many, is like a score card at a ball game. You can't tell the players or the fans without a score card and with a score card, sometimes even the game is obscure.

Two success stories and how the succeeds are sharing their affluence with their neighbors and customers, is being unfolded in Lemon Grove this week.

Ralph and Anna Rella, who opened their first shop in Lemon Grove just five years ago and first viewed the community with some apprehension, have completed and are formally opening their new shoe salesroom and repair shop at 7860 Broadway, Friday.

From a modest beginning, with long hours of work and stick-to-it-iveness when going was tough they have forged this new enterprise, a \$50,000 development, into a going concern. "This is a wonderful country," Ralph Rella said, "the same opportunity is here whether you are an immigrant or native born. Where else in the world could this happen so quick?"

Many friends and customers will be paying homage to Ralph and Anna Rella this week-end. In connection with their opening they are distributing tickets for door prize drawing in which a bicycle, a radio which turns on and off the coffee pot, lights, or anything else controllable by electricity, three purchase orders and a dozen pair of Keds sport shoes will be given. In addition, gifts will be given to all visitors.

C. P. Re-Opens Too

C. P. Appliances, who also is holding an opening simultaneous with the Rella event, have taken over the former location of Rella's Shoe Store from which they expanded their present location, doubling the floor area of their shop.

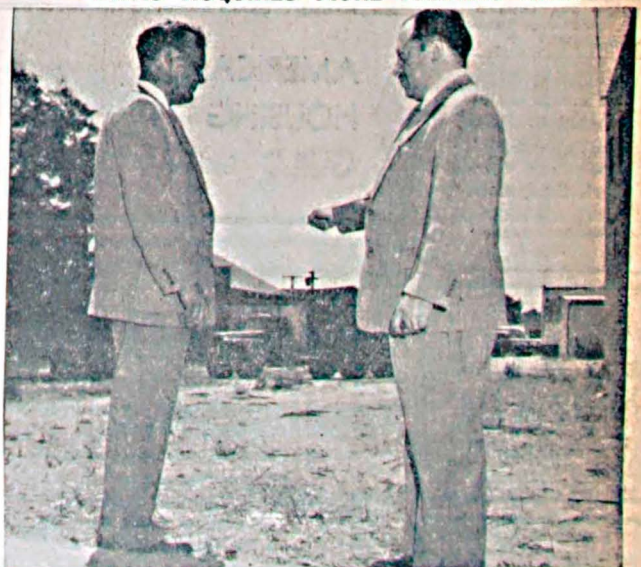

The operators of C. P. came to Lemon Grove just a year ago and have built a fast growing business in the appliance field.

Their opening event will be attended by considerable fanfare. First, the Westinghouse home economist, Mary Margaret

Helix High's 52-53 Basketball season was spotlighted by 11 varsity wins, a fourth place finish in the annual Kiwanis Southern California Tournament, and possession of the individual league scoring championship for the second successive season.

Coach Ralph Chaplin's '53 began their season on November 18, 1952 with a 38-35 setback by a point-crazy Julian squad and closed the grind, February 27, 1953, by overpointing an overconfident Hoover team, 52-48. During their 25 games Helix won 11 and lost 14.

Out of the four games that Helix played in the Kiwanis Tournament, they won two of them to place fourth in the Tournament following La Jolla, San Diego and Inglewood.

The biggest highlight of the basketball season was that Jerry Hurst, 6-foot-6-inch center, was the City Prep League's individual scoring champion. Hurst was the second Helix center in succession to rack up the title. In the '51-'52 slugfest, Noel Mickelson, star pivot-man, who stood at 6-feet-5-inches took the scoring crown. Actually we can say that in the entire history of Helix High we have held the individual basketball scoring laurel. (We're only two years old, too).

The following boys are the ones that should see the most action on our Varsity next year: Bill Hire, Stan Davies, Walt Voronin, Gail Stuckey, Bob Lebb, Don Withem, Larry Williams and Jerry Rhoads. Up from the B team are: Jim Hutchins, Bob Boney, Dick Stillings, Tom Bailey, and Jay Elston.

## Encanto Sisters Make Davis Their Headquarters

"We come all the way from Encanto every week just to buy at Davis's," is what two sisters, Fern Romanelli and Rena Dolph, of 6940 Lisbon Street, said.

"We like lean lamb chops in particular and we have never found better ones available anywhere. Leg of lamb and cube steaks are also our favorite," the women said.

The two sisters make weekly visits to Davis Food Center on Broadway at Olive and from long experience they have been able to evaluate choice grades at first glance. "There used to be a butcher shop as good as Davis's years ago but this is the first modern market which seems to be conscious of the patron," Fern said.

"Oh yes, we get all of our produce here too," added Rena. In the photograph with Fern and Rena is Roy Loftus, Davis Market butcher.

## Mrs. Morse Returns From Redding

Mrs. Randolph Morse this week returned from Redding, California where she visited her son Ted.

Reports Traveler Morse, "The wide rushing rivers and the miles of pine forests make the northern part of California extremely beautiful but the heat makes Lemon Grove preferable."

A report on another part of California was her complaint concerning San Francisco in which she stated that auto horns blow day and night and is deplorable.

Lemon Grove welcomes you home, Mrs. Morse.

## Good Ship 'Lemon Grove' To Make Foreign Tour

By Ruth Pedler

Branch Library Assistant  
Sail the seven seas of high adventure on the galleon "Lemon Grove," pirate treasure, foreign lands, excitement, explorations etc. All this being offered to Lemon Groves younger set, the magic ticket being the small yellow card denoting membership at the local library branch. The theme for this summer's reading plan is "Vacation tours on the good ship Lemon Grove."

To parents who are interested in bringing their children to the library to take part in this program, it might be necessary to explain that completion of the plan means that ten books, divided in the following fashion, one science, one biography, and eight fiction books have been read and successfully reported upon.

When this is done, the reports are turned into the main library in San Diego, where Miss Frances Hahn, the County Librarian, approves them before issuing a certificate to the participant. For this program, Lemon Grove has been fortunate in having many additional volumes added to our already fine and large collection of juvenile books.

At the same time, a hearty invitation is extended to the many newcomers to the community and others who have not yet visited the local branch of the county library. The services are all free and include such privileges as securing books from the State Library, free requests for the best sellers, and fine collection of non-fiction.

The library is situated on Golden Avenue, one door east of Imperial Avenue.

Current issues of many of the best magazines are always available.

Mrs. Ruth Pedler, branch library assistant, issues a standing invitation to one and all. The library hours are posted on the door, and upon inquiring, printed schedules are available. In an effort to adapt our schedule to the needs of all, the following hours have been adopted:

Monday—12-7:30 p. m.  
Tuesday—12-5 p. m.  
Wednesday—10 a. m.-7 p. m.  
Thursday—10 p. m.-5 p. m.  
Friday—12-7 p. m.  
Saturday—12-7 p. m.

## Celosia Will Glow In Grove Gardens

To add an exotic touch to your garden this summer, plant a bed of celosia. The California Bedding Plant Advisory Board recommends both the plumosa or feathered type and the cristata or cockscomb type as worthwhile additions to Lemon Grove gardens. Both varieties are generally available in nursery flats and will provide a full summer of glowing color in some sunny flower bed, or as a secondary border planting in a similar sunny location.

Celosia is a sun loving plant that requires a loose rich soil with a good supply of moisture. Plants set out now will be showing some color but the real results will occur as the weather turns warmer during July and August. Then the full potential of celosia is realized; full rich heads of brilliant red or yellow grow more dazzling day by day. Their span of useful bloom can be prolonged by cutting off the maturing spikes for immediate use as cut flowers, which causes new shoots to break out.

Long useful as a potted plant, the celosia has recently come into wider popularity as a garden item. The introduction of the dwarf forms has tremendously increased its usage. This year a new introduction is available in a light plume type, of medium growth, "Golden Fleece."

Celosia transplants establish and show color almost overnight when well developed plants are used. For this reason they are valuable for adding quick color to the garden. And they wear well with marigolds, ageratum and most petunias, as all share the same basic requirements of sun and soil.

More than one million persons cross the border at San Ysidro to visit Tijuana and Ensenada. Traffic this year was 71% greater than last year.

### Should Auld Acquaintance Be Forgotten?

Werner Schmack, left, president of the Board of Trustees of the Lemon Grove Methodist Church renews the acquaintanceship of Reverend Don Cooke, who will be the new pastor of the church.

Werner Schmack, 2515 Cypress, designing engineer, greets Reverend Donald B. Cooke, newly named pastor of the Lemon Grove Methodist Church.

A coincidence is the fact that both Schmack and Cooke attended the same church in Oak Park, Illinois, several years before.

When Reverend Cooke came to Lemon Grove to take over the congregation which meets presently at the Church of the Seventh Day Adventists on Main Street, the two men renewed friendships.

The two men were not aware of their prior acquaintanceship until they met here.

Reverend Cooke is a graduate of the University of Redlands and the Garrett Biblical Institute at Evanston, Illinois. The Reverend, his wife Louis, and 8-month old daughter Ruth will occupy a parsonage in Lomita Village. Werner Schmack is president of the Board of Trustees of the Methodist Church.

#### DOLLAR BILL

Continued from page 1  
with deep-cut prices the shoe side of Lane's is holding its first sale. Prices here have been drastically reduced for the event. "We've actually cut much of our merchandise to below wholesale level," Lane reported. Annual sale of children's wear at the Petite Shop also gets under way this week. Here too, deep-cut prices are the main feature. Petite handles well-known brands of kiddies wear and many items, are not available outside of San Diego City.

An anniversary sale at Silver Store, 5 & 10, also features wanted items a marked down price.

In all, it looks like a happy shopper's week-end and with the Grove stores staying open until 9:00 p. m. the consumer has a chance to stretch his dollar a little farther.

# Chief Goodman On Minesweeping Foray

FAR EAST (FHTNC) — The USS Redhead recently returned to Japan after 28 days of sweeping enemy mines along the east coast of Korea.

Serving aboard the auxiliary motor minesweeper is Joseph V. Goodman, chief engineer, USN husband of Mrs. Elsie Goodman of 1517 Drexel Dr., Lemon Grove, Calif.

The Redhead is one of the smallest ships engaged in combat operations in the Korean war.

During her last cruise, the Redhead completed 100 sweeping hours within range of Communist shore batteries inside of enemy held Wonsan Harbor.

On two occasions, the ship was fired on by enemy shore batteries but each time was able to zig-zag her way through some 32 near misses, under the protective guns of guardian destroyers.

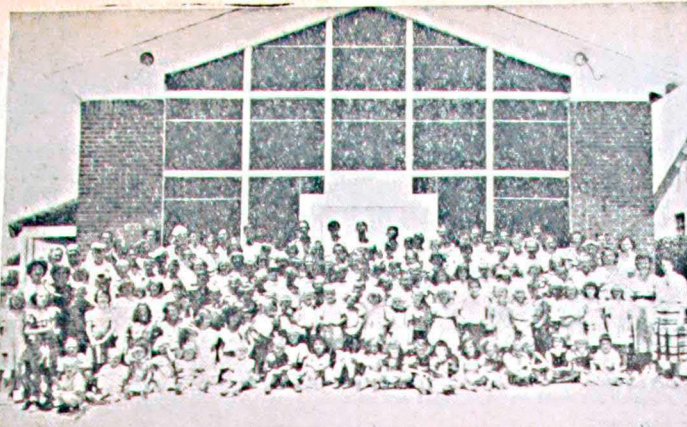

# Civil Defense Office Moves

The San Diego County Civil Defense Office located in the Youth Center in Lemon Grove last week was moved to Gillespie Field, Santee, California.

The old office will be retained for training purposes with a zone warden scheduled for Wednesday. The new offices at Gillespie Field will be located in Building 10.

The Federal Government recently acquired the Santee Field and Defense and Disaster Organization activities will originate from there.

With an extension telephone, you save many steps during the day—and have a telephone handy to answer calls at night.

# Extension Telephones Are Available Again!

For just pennies a day, you can have a time-saving, step-saving extension in your home

Your home can now be a truly modern, "extra-telephone" home. For, once again, we're able to install extension telephones. Extensions, you know, require only additional telephones—not outside cables and wires and central office facilities. With the convenience of an extension, you add still more value to the telephone in your home. And the cost of an extension is small—just pennies a day.

When the man of the house is a hobbyist, an extension is particularly useful. He can make—and receive—calls from his workbench in the garage without taking time out to go into the house. In your home, too, you can have an extension in the kitchen, in the den, in the bedroom—in any room in the house. Why not see about an extension for your home... soon.

# How to order an extension telephone

It takes only a few minutes to order an extension. Just call your Pacific Telephone Business Office. And we'll be glad to arrange an installation to meet your special needs. Like all telephone service, an extension is high in value—low in cost.

## County Highway Improvements Discussed

The most necessary general improvements in the county of San Diego's primary and secondary highway system sent into a committee of the State Highway Commission from the San Diego Chamber of Commerce Tuesday night. The Chamber presented its recommendations at a meeting in the El Cortez Hotel, which was attended by board members and members of state and county officials.

are as follows:  
**U. S. Highway 80**  
 Complete to freeway standards remaining portions of U. S. 80 on the Viejas Grade.  
 Realign and rebuild U. S. 80 from Descanso to Jacumba and reduce grades.  
**U. S. Highway 101**  
 Complete freeway from Leucadia to the border, especially through southern cities.  
 Widen U. S. 101 from Barnett Avenue to Balboa Avenue to six lanes, including Balboa line change.  
**U. S. Highway 395**  
 Upbuilding U. S. 395 to freeway standards from Miramar to Escondido and improve crossing of Lake Hodges to four lane standards.  
**State Highway Route 12**  
 Improve and widen Route 12

from an intersection with U. S. 395 to Lytton Street, and develop the section between U. S. 101 and Cabrillo Freeway to freeway standards.  
**State Highway Route 75**  
 Acquire right-of-way and develop State Route 75 to four lanes between Coronado and Montgomery Freeway.  
**State Highway Route 78**  
 Improve to freeway standards Highway 78 from Oceanside via Vista to Escondido.  
 Realign State Highway 78 east of Ramona.  
**State Highway Route 79**  
 Improve and realign State Highway 79 from Julian to Cuernavaca.  
**State Highway Route 94**  
 Improve State Route 94 and approximately two miles east of Cuernavaca.

## Writer Seeks Sarsi Survivor

A San Francisco writer, Terry Kay, is interested in finding the whereabouts of a Lemon Grove sailor named Jack Brown who was Chief Boatwain's Mate and survivor of the tug Sarsi. The Sarsi hit a mine and sank off Korea August 30, 1952.

Will anyone knowing the whereabouts of Brown contact the REVIEW office or contact Kay at 511 Victoria Street, San Francisco.

## More Grove Fair Winners Named

The entry of Charles Campbell of Lemon Grove was winner in the Fat Lambs Contest at the San Diego County Fair. The entry of Alice Marie Borlin won the Fat Sheep Contest in the 4-H Club class according to fair officials.

## Goodwin To Address M. H. Civic Group

A short business meeting of the Monterey Heights Civic Organization was held at the school on July 2.

The main purpose of this meeting was to draft plans and programs for future meetings of the organization.

The next meeting is scheduled for Thursday night, July 16, and will be held at the school. Mr. Max Goodwin, Editor of the Review, will be guest speaker.

## LETTERS TO THE EDITOR

Dear Mr. Goodwin,  
 Your editorial in last week's Review was singularly out of tune with the rest of the paper. I would humbly suggest that you read the Review before writing such editorials.

Last week you featured the unfair action of the Water District in doubling Lemon Grove assessments. The struggle of the residents who live on Costa Bella to get decent road maintenance also makes interesting reading. We are continually beset by such problems and find that we are unable to protect our interests. The need is clear, only a city can act effectively on our behalf.

You and I, Mr. Editor, pay a higher tax rate than residents of the City of San Diego. Yet we get few of the services that a city can supply. We have voted ourselves improvements to be financed by special assessment districts. Such methods are inefficient and expensive. It has been estimated that a city can supply services at one-fourth the cost of special districts. Lemon Grove is not going to stand still. It is going to grow. The question is will that growth be orderly, planned and economically financed, as only a city can do, or will it be disorganized and expensive as under the present system?

Visit Carlsbad, Mr. Editor, talk to the editor of their local paper, talk to the business men. They have had difficulties, but you will find that incorporation has been the best thing for that area.

We appreciate the crusading spirit your paper maintains and feel disappointed when it gets off the beaten track. Instead of sniping at the incorporation movement with half truths, get the facts! Incorporation is a bargain. It is a bargain because of the refunds a city can get from the state. It is a bargain because we can get lower utility rates, lower insurance rates, and municipal rubbish collection. Those savings more than offset the city tax. It is a bargain because we can get police protection, traffic enforcement and road maintenance, all of which we badly need.

Yes, the action of the Irrigation District was as you said "prejudicial." But we can fight it only with a city to back us up.

Incorporation is in the best interests of Lemon Grove!

Very truly yours,  
 Sumner Alpert

## Public Notices

### NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Lemon Grove School District of San Diego County, California, acting by and through the Governing Board, hereinafter referred to as the District, will receive up to, but not later than 2:00 o'clock p. m. of the 23rd day of July, 1953, sealed bids for the award of a contract for lease-purchase of a school bus. Each bidder shall state in his bid the purchase price which he will pay for one used school bus which belongs to this District and which is being replaced. Such bids shall be received in the office of the Governing Board of said District located at 3202 Acacia Street, Lemon Grove, California, and shall be opened and publicly read aloud at the above stated time and place.

Such bid must conform and be responsive to this invitation, the information for Bidders, the Specifications, the Plans, if any, and all other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of said Board at the above address.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the lease agreement if it is awarded to him in conformity with the Contract Documents.

The District reserves the right to reject any or all bids, or to waive any irregularities or informalities in the bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.
